

BGG LED

Lighting Tower

Less Fuel

More Light

2000W of Light

- Engine: Kohler
- Alternator: Sincro
- Alternator Output 5kVA
- 4 stabilizing legs
- 7 mast sections
- 8 x 250w LED & 593, 600 Lumens
- Hydraulic Mast Erection

- 15 Second Mast raise/lower time
- Hydraulic system uses bio-degradable oil
- 358^o Mast rotation
- 9m maximum mast height
- IP 65 Lamp Housing protection
- Standard road lights and reflectors
- IP23 Enclosure protection
- 125% Bunding
- 2 x 220v single phase 16A Power outlet sockets

Max Run Time (Hours)	Fuel tank Capacity Litres	Fuel (L/h) Consumption	dBa @ 7m	Tower Closed (mm)	Tower Up (mm)	Wet Weight (kg)
150	140	1.05	59	L - 2450 W - 1300 H - 2300	L - 2450 W - 2800 H - 9200	1138
