

Enerpack

72 kWh Battery Unit

400/230v
Three Phase
50 HZ

Reduce your environmental impact, and improve the fuel efficiency of your next project, with the latest in smart energy storage.

- 72 kWh Capacity
- Lithium battery and integrated inverter
- Digital control panel
- Complete with Remote Fleet Monitoring technology
- Distribution Panel c/w socket outlets
- Plug and Play connections
- Canopy made of galvanized steel
- Lifting eyes
- Forklift pockets

**Zero Noise
and Emissions**

**Reduced Fuel
Consumption**

**Remote Fleet
Monitoring**
