

Loss & Damage Waiver Insurance

When hiring equipment from John F Hunt Power, it is critical that you are adequately covered for loss and damage.

**Low-cost
effective cover**

Should you not have your own Hired in Plant Insurance cover in place, we can offer a convenient and low-cost alternative through our Loss & Damage Waiver Insurance.

**Trusted third-party
insurance partner**

Specifically designed for our customers, this insurance protection can be used to cover generator packages up to 300 KVA and has been devised in conjunction with **JCB Insurance Services** and **Aviva Insurance**.

**Only pay for the
cover you require**

Features & Benefits

- Cover for up to £250,000 for any one incident, with a £100,000 single item limit.
- Cover loss or damage to John F Hunt Power equipment anywhere in the United Kingdom including during transit.

Why do we offer LDW and who can use it?

- By offering Loss & Damage Waiver, we save our clients additional administration associated with having to arrange their own cover with third-party providers.
- We can offer cover to all customers with an active credit account.
- All precautions to protect equipment from loss or damage should still be taken.

How does it work?

Cover will be charged at 20% of the total equipment hire rate per week, plus a £25.00 administration fee.

Any incidents of damage or theft should be reported to John F Hunt Power immediately.

In the event of vandalism or theft - **the hirer is responsible for reporting this to police and obtaining a suitable crime reference number**. Photos supporting incidents should be sent to the relevant Hire Desk team for our referral.
